

Amendment Process for the Canadian Methods and Procedures (M&P) for Testing Seed

It is intended that the *Canadian Methods and Procedures for Testing Seed* be reviewed annually. This review will be a consultative process between CFIA seed testing laboratories, Seed Section and CSAAC. Anyone wishing to propose a change for amendment is requested to submit the proposal on the form shown below. This form is available electronically from SSTS@inspection.gc.ca or csaacexecutivedirector@gmail.com. The proposals must be submitted electronically and be received by 1st November. Any proposals received after that date may not be included in the current year's M&P review.

1 Proposal for Amendment to the Canadian Methods and Procedures

Submit to: SSTS@inspection.gc.ca

Submitted by:	
Laboratory Name:	
Address:	
Phone Number:	
E-mail:	

State the Present Rule:

(In full as stated in the M&P including all applicable Section and subsection numbers):

Proposal for Change to Rule:

(Please state the proposal for amendment in full as it would appear in M&P including all applicable Section and subsection numbers. The proposal must indicate all the proposed changes to the current rule e.g. highlights, different colour type etc.)

Purpose /Reason for proposing the amendment and/or supporting evidence for why the rule requires an amendment:

(When submitting a proposal for a change in methodology or the inclusion of a new method supporting analytical data must be submitted. It is useful to make a statement about how the proposed changes affect harmonization with the AOSA and ISTA Rules).
